

Grant Writing Series

The Center for Child Welfare @ USF, in collaboration with DCF, is offering Grant Writing training for all levels.

Attendees will gain an understanding of the overall process for seeking and applying for grant funding; delineate key terminology used by funders in grant applications; outline key preparations that should be taken when applying for a grant; understand the core components of a grant proposal; Articulate your guiding values and how to operationalize these in your approach; articulate the strengths and capacity of your organization/partnership in a way that convinces funders your team is uniquely qualified to carry out the proposed work; and receive a template to guide the development of grant proposals.
